

# 2-DAY HANDS-ON ADVANCED LAGOON OPTIMIZATION WORKSHOP

LAGOON T  
% TRIPLEI  
1010 LAKE  
OAK PARK

New ammonia and pathogen limits are coming. Learn everything you need to know to troubleshoot and optimize your wastewater lagoon and keep the cost of necessary upgrades to a minimum.

Lagoon expert Steve Harris will present the latest discoveries and proven techniques to solve problems and optimize wastewater lagoon systems. This intensive two-day workshop, designed for lagoon operators, owners, and engineers, includes a site visit to a lagoon system for hands-on instruction in how, when, and where to pull samples and how to analyze the data.

Monday, May 6 and Tuesday, May 7, 2019  
8:30 am–4:30 pm

*or*

Wednesday, May 8 and Thursday, May 9, 2019  
8:30 am–4:30 pm

American Legion Hall  
210 South Street, Norway, IA

City of De Soto Wastewater Facility  
801 Elm Street, De Soto, IA

**Earn 1.4 Wastewater CEUs (14 contact hours)**

\$200 fee includes lunch both days.
